

Lamar Girls Soccer Booster Club

Instructions for Taking Flower Orders

1. Show the color form to your potential customers so they can see what the flowers look like. You can laminate it or put it in a plastic sheet protector so it will stay in good shape. There will be a copy on the website (www.lamarsoccer.com) for you to look at, too, or we can email you a copy so you can forward it to your friends and family members. If you have a customer who doesn't want flowers, you can suggest a cash donation – several people do that every season.
2. Have each customer complete an individual customer form with all the information on it, and get their cash or check. Make sure that the checks are made out for the correct amount and that they have your customer's phone number on them. We cannot accept an order that is not paid for and only if the check is made out to LAMAR GIRLS SOCCER BOOSTER CLUB.
3. After you've sold all the flowers you can, complete the Summary Sheet and attach all the individual order forms to it. Turn it in by Friday, March 5.
4. Be sure to tell your customers to pick up their flowers at Lamar on Saturday, April 24 between 9 and 10 am, or you can deliver the flowers to them. Please write on their individual order form if you plan to deliver them so we can put those aside on Saturday morning. Also, we will need your help at 8 am on April 24th unloading the flowers from the truck and getting them in order. You can get service hours for the time you spend.
5. Our goal is for each soccer player to sell 10 flats. This money pays for scholarships, new uniforms, tournaments and other programs that benefit all members of the Lamar girls soccer program.
6. Questions? Call Kathy Dawson at 817-460-0080.
